Ms. Hilary Clark
Tulsair Beechcraft, Inc.
P.O. Box 582470
Tulsa, OK 74158

Dear Ms. Clark:

I am pleased to inform you that your enclosed anti-drug plan has been approved by the Federal Aviation Administration (FAA). Under the terms of this approval, you are authorized to begin testing covered employees on February 14, 1990. You may implement other provisions of your program such as employee education and training prior to the commencement of testing. Your plan has been issued the unique identification number shown above. Please be sure to include this number in any communication to the FAA regarding your drug testing program.

The Federal Aviation Regulations require submission of semiannual and annual reports to the FAA Office of Aviation Medicine. Your initial report should be submitted by August 15, 1990, and should cover the period from initial implementation of your plan through June 30, 1990. A sample reporting format is enclosed for your use in preparing the required reports.

Please feel free to contact this office if you have any questions regarding this program.

Sincerely,

K.M. Ladika
